

TAMARACK TRIANGLE VILLAGE

BUILDING COMMUNITY, SUPPORTING INDEPENDENCE

IMAGINE...

A neighborhood where people can thrive in their homes feeling connected to a safe, diverse, and intergenerational community.

We could enjoy social connections, engage in educational and cultural activities, *and* share information on local resources, opportunities, and assistance.

Living-in-Place* is a volunteer-led initiative committed to fostering independence, fellowship, and a true sense of belonging—helping neighbors support one another

We welcome you! We are growing and invite you to participate in activities, share skills, and stay informed.
